Call for Expressions of Interest

Accelerating innovation to support digital sovereignty

Presentation of the Call for Expressions of Interest

PURPOSE OF THE CEI

As the use of artificial intelligence accelerates, **issues of sovereignty, security, data control and industrialization are becoming decisive for developing new technology solutions**, particularly in sensitive sectors such as healthcare and finance.

In this context, OUTSCALE, Dassault Systèmes and the **3D**EXPERIENCE Lab are launching a Call for Expressions of Interest (CEI) to **identify and support young French and European startups developing innovative solutions in healthcare and finance, with a strong focus on sovereignty and impact.**

OBJECTIVES OF THE CEI

The main objective of this CEI is to support **young companies in developing and accelerating their solutions**, drawing on the technology environment and expertise of the **3D**EXPERIENCE Lab, Dassault Systèmes and OUTSCALE.

The projects sought should show:

- Original technology;
- Innovation with a clearly demonstrated strong social and/or environmental impact;
- Clearly identified technical challenges;
- GPU and cloud resource needs;
- An ambitious team with a vision for developing the solution.

SERVICES & BENEFITS FOR WINNERS

Access to an enhanced version of the OUTSCALE for Entrepreneurs program:

- Creation of a cloud account on the OUTSCALE cloudgouv-eu-west-1 region (SecNumCloud and HDS region);
- €50,000 in cloud credits covering computing power (CPU), storage (block and object) and networking;
- An intensive cloud training course with an OUTSCALE solution architect (4 days) at OUTSCALE's premises;
- Enhanced visibility in joint communication actions;
- An additional €20,000 of GPU resources, shared among the three winners.

Close ties with the Dassault Systèmes ecosystem and the 3DEXPERIENCE Lab:

- Learning Expeditions at the **3D**EXPERIENCE Lab;
- Meetings with Dassault Systèmes AI mentors;
- Mentoring sessions offered by the **3D**EXPERIENCE Lab.

3DS OUTSCALE for Entrepreneurs

What the programme brought us

01 **A SecNumCloud-qualified cloud**
The 3DS OUTSCALE environment to build and test EryonOne, from September 2025

02 **Training and technical support**
The OUTSCALE Academy and regular check-ins with the programme team

03 **A talk at SantExpo 2026**
On 20 May, alongside 3DS OUTSCALE, with a live EryonOne demo

04 **A pitch at OUTSCALE Experiences 2026**
On 9 June, at CNIT Forest, Paris La Défense

Participation requirements

PARTICIPATION REQUIREMENTS

Who can participate?

- This CEI is aimed at **young companies created less than 5 years ago**;
- Applicant companies must be headquartered **in France or Europe;**
- Applicants **must not already be OUTSCALE customers** and must not have previously had an OUTSCALE test account.

To participate, you need to:

- Visit the **CEI page** to review all available resources;
- Fill in the **application form** and attach your draft response with the various appendices;
- Applications may be submitted in French or English;
- Other documents may be sent by email: openinnovation@capdigital.com

PARTICIPATION CONDITIONS

Reminder of the steps:

- **Individual evaluation:** the applications received will be reviewed by the experts of the pre-selection committee against the eligibility and selection criteria defined in the rules;
- **Pre-selection committee:** comparison of evaluations and validation of the companies going through to the final jury;
- **Interview preparation:** candidates selected for the interview will receive the points to clarify for the jury, and an individual preparation session will be held with Cap Digital;
- **Final jury:** candidates selected for the final phase will be invited to present their company, solution and technology to a jury.

EXPECTED APPLICATION CONTENT

❖ **The application must contain a presentation of:**

- Your company, your product and your market;
- Your team and the technical challenges identified;
- Your technology and the innovative nature of the solution;
- Your technological maturity;
- Why OUTSCALE & DASSAULT SYSTEMES?
- Your needs in cloud, GPU resources, support and expertise.

❖ **3 mandatory files:**

- Kbis or any equivalent official document if the registered office is outside France;
- A sworn statement of tax and social compliance, signed by the company's legal representative;
- The company logo image file *(this logo may be used by OUTSCALE for communication related to the CEI if the company is selected as a winner).*

SELECTION CRITERIA

The eligible applications will be assessed using a common grid to determine the relevance and potential of the proposed solutions:

- Technical quality;
- Originality;
- Commercial potential;
- Fit with OUTSCALE's positioning;
- Societal and environmental impact.

CEI TIMELINE

OCTOBER 2026	NOVEMBER 2026	NOVEMBER 2026	DECEMBER 2026	JANUARY 2027
13	09	25	09* Afternoon	01
PRESENTATION WEBINAR CEI open since October 6th	**CEI CLOSING** Last submission at 23h59	**PRESELECTION COMMITTEE** Announcement of pre-selected candidates	**SELECTION JURY** In-person pitch to a jury and announcement of winners	**PROGRAM INTEGRATION & START OF COLLABORATION**

To access the CEI resources (rules, replay, FAQ, etc.) and to apply, go to the dedicated page.

*The location of the final jury will be communicated later.
